

Our heartfelt appreciation goes out to all the STEM Ambassadors who generously contributed their time and expertise, significantly enhancing the success of this year's challenge. For the 24th consecutive year, STEMPOINT successfully delivered the Go Construct Knex Challenge in primary schools across Hertfordshire, Luton, Suffolk, Peterborough, and Essex. Over **315** challenges were held by a team of more than **80** dedicated STEM Ambassadors, positively impacting **8769** students in **169** schools.

Thanks to the generous sponsorship from Go Construct and MBDA, we have been able to keep costs low, making participation affordable for all schools.

The 3 expert judges studied each of the entries in detail and deliberated over the designs and construction of every class winner photograph received, and decided on the overall 6 regional winners as:

Nash Mills CofE School
Hemel Hempstead

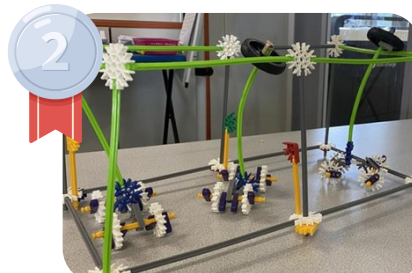

Grove Junior School
Harpenden

St Peter's Catholic School,
Billericay

Leiston Primary School
Suffolk

St Mary's CofE Academy
Suffolk

Stonham Aspal School
Suffolk

All of our winners will each receive a K'Nex Kit and certificate to take home and a trophy for the school cabinet.

STEMPOINT

GO Construct 2026 K'NEX CHALLENGE

A Year 5/6 Engineering Challenge for primary schools located within Hertfordshire, Bedfordshire, Peterborough, Essex and Suffolk

With thanks to sponsorship and volunteer STEM Ambassadors, we can maintain the affordability of this workshop for schools.

The price for 2026 is:
£65.00 for one class (up to 36 pupils)
£80.00 for two classes (up to 72 pupils)

If you have 2/4 classes, you must register two consecutive challenge days. This fee includes all administration and travel expenses.
