

Become a project mentor today!

Every great
achiever is
inspired by a
great mentor

2025/2026

What is a Research STEM project mentor?

You will host a Year 12 student during the summer holidays in support of our Research STEM programme. Providing a **2 week** on-site, hybrid or virtual research/investigation project.

Benefits:

- Develop your coaching/management skills
CPD for early career researchers and employees
- Showcase your research to a wider audience
- Improve communication skills
- Demonstrate public engagement and develop links with local schools
- Inspire someone to take up a STEM degree or Apprenticeship
- Bolster your talent pipeline
