Programme Student timeline

Application deadline is in **March**

All applications should be completed and submitted in full by the deadline. (Dates will be sent via email nearer the time)

Coordinators will be matching successful students to placements. We will also be making contact with all successful students about potential additional workshops and training they may need and informing all unsuccessful students of the outcome of their application.

During June and early July you should be emailing your supervisors to introduce yourself and ask any questions. I.E. Start time and dress code etc. Most placements will be starting on or around the 27th July and some a little later but all will be complete in August.

Some placements will only just be starting and all placements will come to an end in August. You will be completing your report and poster submitting your work along with any expenses and receipts onto the application portal. **Deadline for report and poster is in August.**

You will be emailed with an invitation to attend a celebration event, this is where you will receive a certificate for your hard work over the summer, display your poster and celebrate your achievements.
